

Lincolnshire Knee Clinic

Consultant-Led Specialist Knee Care

ACL Rehab Protocol - Phase 5 (Months 6+)

Sports Conditioning & Return to Sport Readiness

Objectives

Build advanced agility, perform sport-specific drills, and prepare for return to competition.

Z-Runs / Cutting Drills

- Technique: Run diagonally between cones, plant outer foot to cut and redirect.
- Frequency: 3 sets of 5 runs.

Single-Leg Landing Mechanics

- Technique: Jump off a step, land on the operated leg, freeze position and hold balance for 3 seconds.
- Frequency: 3 sets of 6 reps.

Sport-Specific Drills

- Technique: Integrate soccer/rugby/netball skills (passing, kicking, headers, dribbling) into agility drills.
- Frequency: 20-30 minutes, twice weekly.
